Revised Second Amendment to Office Action, 1/5/05

[0007] Currently many communications and transactions utilizing a network fail to be attempted, transmitted, or completed because there is no system or method for facilitating and enabling communication for a fee or cost charged to or born by a Sender or "Caller" party where the fee or cost benefits in part a Receiver party. "Caller Party", "Caller party", or Caller is synonymous with "Sender" or "Sender Party" and each shall be considered to refer to, to include, and to encompass the other(s).

[0210] For purpose of this discussion, "Receiver party" or "Star" is any person, group, organization, or entity whom another person would know, recognize, identify, or address a communication to. "Fan", Caller party, or "Member of the General Public" is any person who knows, recognizes, or addresses a communication to a person, group, organization, or entity. "Caller Party", "Caller party", or Caller is synonymous with "Sender" or "Sender Party" and each shall be considered to refer to, to include, and to encompass the other(s). The term "know" or "known" should be defined broadly and include recognition, identification, association, or publication with, to, or by another. A "network" is any means, mechanism, or process to connect, join, transfer information, recognize, or otherwise link two or more devices, sites, locations, persons, or entities such that information or content in whatever form may be transferred or passed from one device, site, location, person, or entity to another device, site, location, person, or entity.
